Youth worker qualification
2009

WHAT MAKES ME FEEL ALIVE

Since 5 years old, I practice a lot of sports, the icons up there in «What i like» are a part of them. The sport makes me feel good, it gave me many values which are important and precious to me.

Living in the french Alps since 2012, I truely love big and wild landscape. Nature is astonishing ! Being somewhere where the nature is everywhere is somewhere I feel at ease.

Being close to animals, like doing a walk with dogs is something I truely like. Meeting new people, sharing happy moments, playing boardgames is really enjoyable !
